ROBIN HOOD MILLS

Moosjaw and Calgary

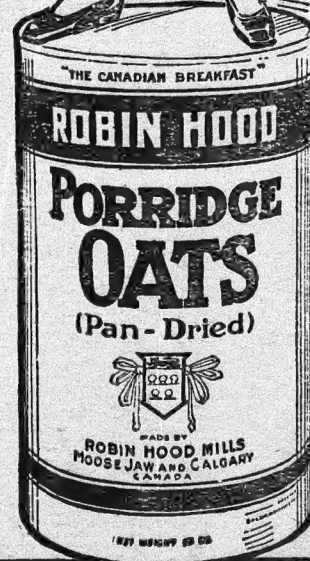

# ***On a Healthy Foundation***

Let your children stand on the healthy foundation of a strong constitution, built by good food.

## **ROBIN HOOD PORRIDGE OATS**

build health and strength because they are the finest pan-dried oats in the world. They take less time to cook than other rolled oats.

Children enjoy them  
—so will you.

## What Rotary Stands for

AS THE ROTARY CLUB OF CALGARY SEES IT

R

Resolution!

O

Obligation!

T

Tenacity!

A

Altruism!

R

Reasonableness!

Y

Youth!

**T**HAT means making up your mind to do a thing. Not making up your mind for some other fellow to do it, but doing it yourself. It's a good trait. It's a good all-the-year-trait, but it isn't up to much when it comes only on New Year's and quits on the 2nd of January. The real Resolution stays with a man every day of every week. It does him good; it does his club good, and his city good. **Rotary stands for Resolution!**

**T**HAT means not just getting a good idea, but feeling a real responsibility to carry it out. Feeling that your powers are given to you for some purpose, and that the purpose should not be a selfish one. Acting in social and civic matters as if you had an account to render. You are in debt to our civilization for your comforts, and your necessities. Obligation seeks to pay the debt. It's a good trait. **Rotary stands for Obligation!**

**T**HAT means getting a bulldog grip on things, fixing your teeth into it, and if it shakes you loose, you've got a piece of it still in your jaws. Anybody can start something; it takes a man to stick to it. You've got to believe you're right and that you're fighting for something worth while. Tenacity marks the difference between real virility, and merely wearing your trousers. It's a good trait. **Rotary stands for Tenacity!**

**T**HAT means doing something for somebody or for something not yourself. No man is a good citizen today, no matter how honest he may be, who lives only for himself. The good citizen of today has a duty to his neighbor, to his community, and to his country. He owes it to himself to be generous and charitable. And the good citizen recognizes this ungrudgingly. He is glad to help. It's a good trait. **Rotary stands for Altruism!**

**T**HAT means using your brains, instead of relying on any half-baked notion that comes into your head. It means considering ways and means, it means thinking over plans until you've got the best plan. It's willing to take advice and mull it over. Steering clear of narrow fanaticism. Being firm, not obstinate; aggressive, but not insolent; recognizing that other people know something, and not thinking that you know it all. Being willing to teach, but also being willing to learn. It's a good trait. **Rotary stands for Reasonableness!**

**T**HAT means keeping alive in you the spirit of enthusiasm. Not quitting because you are tired and want to go to bed. Not getting dried-up and fossilized. Not kicking at every new thing you hear, but because it's new to you. Taking a live interest in the world around you and feeling that there's a lot in it to amuse you and cheer you, a lot in it to fight for and to gain. A man who has lost interest in things is simply waiting to be buried. Youth keeps up interest in things. It's a good trait. **Rotary stands for Youth!**

## The Cochrane Election

and the Victory Loan Campaign—are now over, and this week Ramsay's Busy Dry Goods Store on Fourth St. West is pushing ahead on fancy Fall stuff, continuing the special displays of last week, which produced some nice business for our popular store. Our goods have a distinction in style and are sold at a price which is a distinct attraction. If you don't know it, you should know that it pays to shop on Fourth St.

See us on your newest Waist, and that display of Camisoles, Silk Petticoats, Silk Combinations, Silk Bloomers, Silk Scarfs, etc. We can show you will at our figures prove time well spent in coming to Fourth St. A new range of Silk Hand Bags, showing just a few latest models in Ladies' Coats, which we will unload this week at a very close price. See these if you need a Coat.

## Dandruff

### A GUARANTEED CURE

Do you suffer from Dandruff? Does  
your hair fall out? Too oily or too  
brittle? Is it turning prematurely  
grey? Our "SPECIAL HAIR TONIC"  
is prepared from the formula of Dr.

Edward Prebble, of Cleveland, Ohio,  
who is conceded to be the greatest  
living authority on the scalp and its  
diseases.

We unhesitatingly recommend and  
guarantee it to kill dandruff, stop  
falling hair and make it grow.

Purchase a bottle, use it and if you  
are not satisfied we will refund your  
money on return of empty bottle. No  
questions asked. That's a fair offer,  
isn't it?

\$1.00 per bottle. By mail \$1.25

The most exquisite examples of Hat Manufacture seen on the street  
are exclusive designs from the "Smile" Hat Shop.

Last week a young man came in and asked to be shown an overcoat, at a reasonable price. I sized him up as a sensible fellow and showed him a coat that had been purchased three years ago. He tried it on, the fit was perfect, and suited him in every respect. He asked the price. "Eighteen dollars," I replied. "Can it be any good at that price? If you had said twenty-five I would take it, but at eighteen I am afraid." "Say, did you ever pay over eighteen or twenty dollars for a coat before?" "No." "Then when you have a chance to buy a coat that suits you in every respect at eighteen, why don't you buy it? Why make me charge you seven dollars more when I am trying to give you real value? See here: Take this coat and have it examined, get any information you can, then if you are satisfied the quality is O.K., buy it. If not, we keep the coat." He took the coat away and came back several hours later, wearing a big smile, saying, "It is O.K., finish it up." His trouble saved him about fourteen dollars (easy money). If you are not too fussy you can get a good coat here, at from eighteen to thirty dollars. It costs you nothing to look them over. Of course we have all kinds of coats up to sixty-five dollars.

# Your Clothes Tell A Story

—but whether it is one of success or indifference is for you to decide.

People as a rule judge you by your appearance. Look successful and they will believe you are—and ten to one you will be.

You don't have to overdress—simply let your attire express reserve, self-confidence and prosperity. Dependable fabrics, excellent tailoring and careful fit and finish are hallmarks of quality.

Our Winter modes are favorites with successful people, because from every standpoint they are obviously superior.

# — M-U-S-I-C —

# Maltese Cross Tires

*NON-SKID THREAD the Tire Economical*

### THE INITIAL COST

Because of the medium price means ECONOMY, while

### THE ALL-ROUND COST

Kept at a minimum through the unusual freedom from tire troubles and consequent long mileage records means ALL ROUND ECONOMY.

# **Shamrock Brand Products**

**"THE EMPIRE'S STANDARD"**

## **SHAMROCK BRAND BACON**

Noted for its delicious streak of fat and streak of lean.

Famous for its crispy taste and its distinctive flavor.

Alberta Pork—The world's finest, cured the Shamrock way. Produces bacon of unequalled quality and flavor.

Chosen for its finer qualities.

Carefully passed through the highest process of perfection.

Seasoned to exactness.

Smoked by the hardwood process of fragrance.

There is a distinctive flavor—mild, pleasing and delicious, peculiar to Shamrock Hams.

## **SHAMROCK BRAND LARD**

**100% Pure.**

Prepared by Experts in the refining and handling of lard.

Put up in the little red pail and guaranteed by the producers.

Our speedy transportation and adequate system of handling give you the unequalled service and eliminates loss in the handling of perishable products.

From rendering supreme service to the public for all these years we have become servants of the public, who can trust us.

## Beating Jack Frost

He's a hard fellow to beat when he's after your radiator.  
But it's easy to keep him from getting a death grip on your battery.

Keep your battery charged right up so that whenever you take a hydrometer test the reading will be up to the 1.285 mark. Then your battery will be fully protected even if the thermometer goes down to 20 below.

If you don't know just how to make the hydrometer test we'll be glad to show you.
